Quitting is easier when you have support you can count on. We understand how much you want to quit, and how hard it can be to do it on your own. That's why we help people just like you find the strength to quit. When you enroll in the Quit For Life Program, you get powerful tools and encouragement every step of the way.

The Quit Coach® team

Having someone to talk to can really help you quit. Our Quit Coaches understand what you're going through. Best of all, they know what works. During a series of phone coaching sessions, they'll help you map out a quit plan and give you quit tips that really work.

Quit-smoking medications

Nicotine cravings and the urge to smoke make quitting hard. That's why we talk with you about prescription and over-the-counter medications that can help reduce cravings and withdraw symptoms. We'll help you figure out which ones might be right for you. **You may even qualify for free nicotine replacement therapy like patches or gum.**
