

The Smart, Simple Way to Stay Safe Online.

Protect what's important all in one app: your assets, identity, family, and tech.

Technology is essential to daily life. We use websites, devices, and apps that enable us to do nearly everything. But as the digital world grows more complex and advanced, so do online scams, cybercriminals, and predators.

Aura protects what's important - your money, identity, family, and tech - by detecting and preventing online threats. It's easy to use, simple to set up, and rated #1 by Security.org.¹
